

how it works!

How teeth straightening works

Our registered dentists use the latest digital technology to create a treatment plan just for you that will give you straighter teeth safely and conveniently.

Using clear braces, which are almost invisible, your teeth will be gently and slowly moved into position over the course of several months.

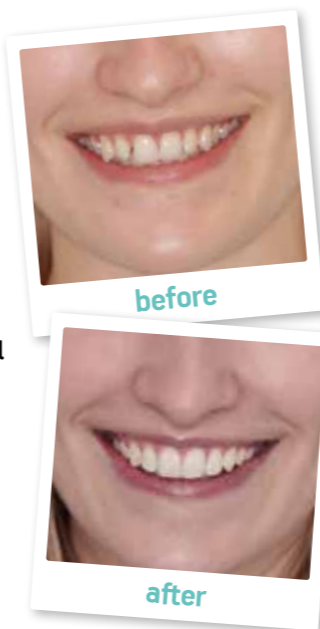

We'll keep a check on your progress and you can contact us anytime should you have any questions.

Pricing tailored for you

We will work with you to ensure that your treatment plan is affordable. You'll have access to a choice of finance options, such as monthly payments, to work around your other financial commitments. {my}dentist comes with clear pricing, flexible finance and no hidden fees. You can finally get the smile of your dreams at a price you can afford!

We only work with dentists

As well as our network of dentists we also have a UK-wide network of qualified orthodontists, should you need more complex treatment. While all of the dentists you will see are trained to provide teeth straightening with clear aligners, some patients might need to see a specialist orthodontist. Whatever your needs you can relax in the knowledge that we can help.

At {my}dentist we can help you achieve straighter teeth safely and conveniently under the care of the UK's largest group of qualified dentists. With convenient locations near you, we are dedicated to helping people discover their smiles. As we're UK based and owned, you can be assured that we are on hand every step of the way.

Unlike other companies we have years of experience in teeth straightening

We believe that teeth straightening can only be safely carried out by qualified dentists. They are the only people who have the knowledge and skills to provide safe and predictable treatment. At {my}dentist we have the UK's largest network of clinicians who will listen to your individual smile goals and deliver high quality, safe, convenient and affordable care.

Whitecross Dental Care Limited (registered office: Europa House, Europa Trading Estate, Stoneclough Road, Kearsley, Manchester M26 1GG. Company No. 244415) is part of the {my}dentist group. Whitecross Dental Care Limited is a credit broker not a lender and is authorised and regulated by the Financial Conduct Authority with registration number: 674183. Credit is provided by Secure Trust Bank trading as V12 Retail Finance with whom we have a commercial relationship (and so we are unable to provide independent advice) and is subject to age and status.

SHOW US YOUR SMILE

1

We'll discuss what you do and don't like about your smile, take a picture and show you how you'll look wearing clear braces. For your peace of mind we'll explain the process in detail and check you are suitable for treatment.

We are experts in clear braces

COMPLIMENTARY SCAN

2

You'll have a smile assessment with a UK registered dentist. After a free 3D digital scan of your teeth they will create your unique treatment plan

We will use this bespoke 3D image to create your unique ClearCorrect treatment plan.

YOUR CLEAR BRACES

3

You'll collect your first set of clear braces and the dentist will show you how to fit them and give you all the information you need about how to care for them.

Oral health check included

powered by ClearCorrect
